Addendum #3 To
Request for Proposal
For Baseball Infield Turf: Project 097-345346
Dated April 29, 2022

The Addendum must be acknowledged on your lump sum bid.

Revised Drawings and Specifications to be posted to the website:

1. Baseball Infield Turf – Bid Documents
2. Baseball Infield Turf – Addendum 2
3. Alternate 5 - NR34 Product Spec
4. Alternate 4 - Baseball Batting Cage – Bid Documents
5. Alternate 4 - Baseball Batting Cage – Addendum 2

Question 1: I write to inquire whether equivalent or equal turf products are acceptable in the upcoming Baseball Infield Turf: Wayne State University project.

Answer: Act Global NR34 system is an accepted equal to alternate turf product, refer to 32 92 14 Synthetic Turf Playing Surface – Alternate #5 ACT Global NR34. Voluntary alternates may be submitted for Owner review and consideration. It is the project’s intent to install a baseball specific performance product line as part of the project.

Question 2: Is the schedule correct in the bid? There is not a turf company I know that can produce turf in under 90 days right now. We are one of them. I talked to Osborn Engineering and they said that schedule might or should be adjusted.

Answer: Schedule adjustments will be considered. Please provide a schedule with your bid for WSU review.

Question 3: Also, I’m in the understanding the batting cages are NOT part of this bid. Again, please advise.

Answer: The Batting Cage project is Alternate #4 of this bid. Pricing is to be provided. The net system and net posts for the batting cages are Owner provided, Contractor installed.

IMPORTANT- This is an addendum which MUST be acknowledged on your bid form

We will require your lump sum proposals, vendor qualification questionnaire and your bid bond documents as a single PDF in your electronic submission.
