Addendum #1 To
Request for Proposal
For Bio Science Heating Plant Upgrades: Project 089-312615

Minutes of the Pre-bid Conference
Dated July 16, 2018

The Addendum must be acknowledged on your lump sum bid.

The pre-bid conference for Request for Proposal for Bio Science Heating Plant Upgrades, Project 089-312615 was held on July 23, 2018, at 2:00 pm (local time) – at Detroit, MI 48202. Kimberly Tomaszewski reviewed the highlights of the pre-bid package, especially concerning details such as bid due dates and who Contractors may contact during the live bid process. Omar Alhyari and Chuck McKale from DiClemente Siegl Design discussed the technical aspects of the project and bid requirements, and conducted the Q & A session.

NOTE: You must have attended a pre-bid conference in order to be eligible to bid on a particular project. Receipt of minutes or addenda without being at a pre-bid conference does not qualify your company to bid.

Numerous simple questions and answers were addressed at the pre-bid meeting. Some of the issues were as follows:

1. Minimum Participation
   A. Pre-registration for the Pre-Bid meeting is required. In the event that we do not have four (4) or more eligible bidders pre-registered, the University reserves the right to postpone the Pre-bid meeting with up to 4 business hour notice.
   B. If less than 4 individual contractor firms attend the mandatory pre-bid meeting, the University reserves the right, at its sole discretion, to either reschedule the pre-bid conference or proceed and offer a second pre-bid conference date. (Attendance at only one pre-bid conference will be required).
   C. On the day of the bid opening, if less than 3 sealed bids are received, the University reserves the right, at its sole discretion, to rebid the project in an effort to obtain greater competition. If the specifications are unchanged during the rebid effort, any contractor who submitted a bid will be given the option of keeping its bid on file for opening after the second bid effort, or of having the bids returned to them unopened.

2. Smoke and Tobacco Free Policies: On August 19, 2015, Wayne State joined hundreds of colleges and universities across the country that have adopted smoke- and tobacco-free policies for indoor and outdoor spaces. Contractors are responsible to ensure that all employees and all subcontractors’ employees are in compliance anytime they are on WSU’s main, medical, or extension center campuses. The complete policy can be found at http://wayne.edu/smoke-free/policy/

3. Sworn Statement Requirements: The University tracks it’s level of spend along a number of socio-economic categories. This includes it’s spend with Diverse organizations, it’s spend with Detroit based organizations, and it’s spend with Michigan based organizations. To assist with this, The University has reporting requirements to be included with the submission of your bid and for Pay Applications submitted by the successful contractor.

4. A bid bond is not required for bids below $50,000. Otherwise, a bid bond (5%) will be required for the full amount of the bid.

5. Performance Bond and Material & Labor Payment Bond requirements are listed in the specifications of the job. Performance & Material & Labor Payment Bonds must be provided by the awarded Contractor with the submission of the signed contract; which will then be submitted to FP&M management for counter signature.

6. The awarded Contractor must provide the required Certificate of Insurance in compliance with Section 800, article 11 of the bid specifications prior to commencement of any work.

7. Please review the insurance section carefully, there are some changes in the documents, such as the addition of professional liability insurance and changes in the amounts of required insurance for most of the categories.

8. If your company has not previously done business with the University you may go to the Purchasing website at www.purchasing.wayne.edu and look for the “new vendor” link under “Information for Vendors” on the left. You may submit a new vendor request form and an IRS form W-9. This will register your company on our vendor list. (NOTE: this does not replace the listserv.)
9. This Project Requires the Contractor and any subcontractors to compensate all employees who come to the job site at no less than Prevailing Wage Rates. A Prevailing Wage Rate Schedule is included as Appendix A to the Bid Specifications. Contractors must review these requirements to be sure they are in compliance with the requirements of the University. Contractors must post wages at the job site in compliance with the complete Prevailing Wage Rate listing provided in Bid Documents.

10. 1099 workers and subcontractors using 1099 workers are NOT acceptable

11. Certified Payroll must be provided with each of the contractor’s pay applications for all workers who worked at the job site, in compliance with the University policy. Failure to provide certified payroll will constitute breach of contract and pay applications will be returned unpaid, and remain so until satisfactory supporting documents are provided.

12. Signed waivers from all Subcontractors and suppliers must accompany Pay Applications or they will be returned for such documentation prior to approval.

13. A properly executed sworn statement is required from all tiers of contractors, and sub-contractors indicating sub-contractors and suppliers which provide services or product of $1,000.00 or greater. Sworn statements must accompany applications for payment

14. All documents listed in the Front End Section 0410-2 “Wayne State Prevailing Wage Requirements” must accompany applications for payment. Failure to do so will result in the entire application package returned for correction.

15. A checklist of all Pay Application requirements can be found in Section 00430-1.

16. Note: there is a new section 440 Contractors Performance Evaluation. This is a new part of the contract and will be performed at the end of every job.

17. The competency and responsibility of Bidders will be considered in making the award. The Owner does not obligate himself to accept the lowest or any other bids. The Owner reserves the right to reject any and all bids and to waive any informalities in the Proposals

18. Parking on WSU campus lots and structures are $7.75/access. Contractor must build parking into their lump sum bid. There is no parking allowed on the malls.

19. Section 300, Form of Proposal has changed very recently, review carefully and complete in its entirety to avoid disqualification.

20. The contractors must fill out our prequalification form. They can attach additional information if they would like but at a minimum the information requested must be filled in on our form so that we do not have to hunt to find the information.

21. Contractors who have withdrawn a bid after a University bid opening and/or refused to enter into a contract with the University upon notification of award within the last 3 years are not eligible to bid on this project.

22. Project hours of operation are 7:00am – 5:00 pm. Anything else requires advance notice and approval.

23. Prequalification meeting will be held the first business day after bid openings. Contractors must be available. The Project Manager will coordinate the meetings.

24. Prequalification meeting includes Schedule of Values from the Contractor, including a list of Contractor’s subcontractors and other qualifications required by the documents.

25. An unsigned contract will be given to the successful Contractor at the conclusion of the Prequalification meeting, if all aspects of the bid are in order. The Contractor has 5 business days to return the contract to the Project Manager for University counter signature. The contractor must also submit a Performance Bond as outlined above and a Certificate of Insurance in the same 5 business day period. In the event the Contractor fails to return the documents in this 5 day period, the University reserves the right to award the contract to the next most responsive bidder.

26. A second walk-through has been scheduled for Friday, July 27, 2018 at 10 am. You will meet in the lobby on the first floor.

27. Permit requirements are the responsibility of the awarded contractor as listed on Section 800 Article 4; however, the University does not anticipate any permits being required for this project.

28. This is project is for the replacement of the existing water heater and steam boiler located on the 6th floor on the Biological Science Building.

29. The new equipment is to be 40hp. The approved manufacturers are listed in the specifications. Should you choose to bid a voluntary alternate, a bid meeting all of the requirements must be submitted first.

30. The existing boiler uses Siemens controls.

31. The steam boiler basis of design is from Cleaver Brooks. All equipment will need to fit within a space with a width of 48” and a height of 66”. Some disassembly of equipment may be necessary. Please verify equipment dimensions will allow travel through the existing space.

32. Do they have to supply temporary hot water when they take the unit out of commission and before they get the new unit installed? The temporary hot water is not required, but there will need to be a shutdown of the heating hot water system to cut in new connections, and add valves. Please coordinate with the WSU Project Manager and building engineer for allowable time for system shutdowns.

33. If any asbestos is found, WSU will abate the asbestos.

34. Port Huron Roofing and Sheet Metal Company was the roofing contractor for this roof. The roof is under a GAF 20 year warranty, but the contractor can hire any GAF certified roofing sub-contractor

35. The contractor will carry the control system in his number.

36. Contractor must provide their own dumpster if needed, which must be rubber or plywood padded if placed on concrete. Location and duration must be coordinated with the project manager. Dumpster must be tagged with the name of your company clearly displayed. Any lawn damage must be restored.

37. The question due date has been extended. Questions are due by July 31, 2018 at 12:00 noon
38. The bid due date has been extended. Bids are due **by electronic submission on** no later than 2:00 p.m., August 8, 2018. The link for bid submission will be posted with the bid details at [http://go.wayne.edu/bids](http://go.wayne.edu/bids) beginning July 16, 2018. No public bid opening will be held.

39. **Time of Completion:** The Contract is expected to be fully executed on or about 15 calendar days after successful bidder qualification and recommendation of award. The successful bidder (Contractor) agrees to start construction immediately after receipt of a fully executed contract and Purchase Order, and to complete the work as follows: Substantial Completion, and State Approved Inspections (if appropriate), no later than **December 21, 2018**.

40. A copy of the sign in sheet is available for downloading from the University Purchasing Web Site at [http://go.wayne.edu/bids](http://go.wayne.edu/bids).

41. This is an occupied area, awarded Contractor must be considerate of environment (noise, cleanliness, etc)

42. **IMPORTANT-** This is an addendum which **MUST** be acknowledged on your bid form

We will require your lump sum proposals, vendor qualification questionnaire and your bid bond documents as a single PDF in your electronic submission.

All questions concerning this project must be emailed to: Kimberly Tomaszewski, Procurement & Strategic Sourcing. Email: ac9934@wayne.edu, and copy Leann Day, Associate Director, at leiann.day@wayne.edu.

Bids are due **by electronic submission on** no later than 2:00 p.m., August 8, 2018. The link for bid submission will be posted with the bid details at [http://go.wayne.edu/bids](http://go.wayne.edu/bids) beginning **July 16, 2018**.

**Do not contact either FP&M or the Design Firm directly as this may result in disqualification of your proposal.**

Thank you for interest shown in working with Wayne State University.

**Kimberly Tomaszewski**
**Senior Buyer**

**CC:** Omar Alhyari (Project Manager), Leann Day, Associate Director, Attendee list.
