Wayne State University
Electrical Reliability Upgrades
Bid Package No. 5 and 6

Addendum No. 1
WSU Project 612-248862 Scott Hall Building

January 29, 2015

The drawing changes to follow become part of the bid documents.

The changes to the drawings are as follows:

Reissued C-0, E-0, E-3.
- C-0 is reissued to document the changes required for drawings E-0 and E-3
- E-0 is reissued to show the location of the conduit riser. In the previous issuance, the conduits feeding the receptacle panels are shown in Rm. 0110. The conduits are to be routed through room 0199.
- E-3 is reissued to show transformer UPS-T-3 and associated disconnect switch moving to a location where space was identified to be available. Additionally on E-3, note 5 was modified to include the requirement to move the fire extinguisher signage.
