Addendum #2 to Request for Proposal
For Materials Science and Nano-engineering Lab: Project 090-248124
Dated March 25, 2015

April 8, 2015

The Addendum must be acknowledged on your lump sum bid.

NOTE: You must have attended a pre-bid conference in order to be eligible to bid on a particular project. Receipt of minutes or addenda without being at a pre-bid conference does not qualify your company to bid.

Numerous simple questions and answers were addressed at the pre-bid meeting. Some of the issues were as follows:

1. Question: What size are the existing sanitary mains that the new sanitary line ties into?
   Answer: 1 ½” at the south east corner of the room and 3” where the new 1 ½” connect to the existing Between the (2) capped connections.

2. Does the new sanitary waste in the basement need to be acid pipe?
   Answer: Yes

3. Is the existing sanitary pipe in the basement acid pipe?
   Answer: Yes, that is the information we received from WSU

4. Do the sanitary lines need to be insulated?
   Answer: Insulation is not required.

IMPORTANT- This is an addendum which MUST be acknowledged on your bid form

We will require two copies each of your lump sum proposals, vendor qualification questionnaire and your bid bond documents.

All questions concerning this project must be emailed to: Robert Kuhn, Procurement & Strategic Sourcing. Email: ac6243@wayne.edu, and copy Robin Ellis-Watkins, Buyer, at ag5343@wayne.edu.

Do not contact either FP&M or the Design Firm directly as this may result in disqualification of your proposal.

Thank you for interest shown in working with Wayne State University.

Robert Kuhn
Sr. Buyer
CC: Robert Hoekstra (Project Manager), William McVea, Robin Ellis-Watkins, Buyer, Attendee list.
