Post Bid Addendum Four to the
RFP STEM Innovation Center dated July 26, 2017

On behalf of Wayne State University, we would like to thank you for submitting a proposal in response to our Request for Proposal for the STEM Innovation Center for the University. The University is still evaluating the proposals received in response to this bid opportunity. We realize this effort may continue through mid-December. As such, a compressed time schedule may be necessary to keep the project on track.

This post bid Addendum is being issued to determine which firms will be able to meet the revised schedule, and at the prices provided in their proposals. As a reminder, the schedule information provided in the RFP required:

Project schedule must indicate that Program Statement and Schematic Design Submission for this project are to be completed no later than March 15, 2018. Wayne State commits to providing timely engagement with constituents and providing timely feedback and decision making in order to help facilitate the Architect in providing the Program Statement and Schematic Design Submittal.

Please provide a copy of this post bid addendum indicating your ability to accommodate this.

☐ Yes, we are still able to provide the University a Program Statement and Schematic Design Submission by March 15, 2018 if awarded a contract by December 15, 2017, and at the fees/costs submitted

☐ No, we are not able to provide the University a Program Statement and Schematic Design Submission by March 15, 2018 if awarded a contract by December 15, 2017
