Question:

Bid Documents states readiness for service is week of July 24, 2023 and project completion is August 18, 2023. Comments during the pre-proposal meeting were that school starts August 1st. please confirm installation window. Concerns with the amount of product and potentially multiple dealers and/or vendors trying to use one passenger elevator in a short amount of time.

Answer:

Yes, a 53' tractor trailer can park on Cass Street for deliveries. Coordination with the project manager will be required as the University may require the assistance of Public Safety.

Answer:

[Appendix A - Prevailing wage Rates](#) has been posted to the website.

Question:

In reference to Ticket T-01A, are you accepting non-height adjustable tables for alternates?

Answer:

No, the design intent with the variety of table heights is to accommodate for a variety of users and provide more accessibility. We are only accepting alternates that are height adjustable.

Question:

In reference to Ticket T-04 and T-05, will you accept other shapes for the table tops as alternates?
