

WSU – Multidisciplinary Biomedical Research  
Building/iBio RFQ – Small Animal Cage/Rack/Blower  
Equipment Schedules  
Addendum 1 – April 6, 2015

## Schedule A – Cost Schedule (Revised as a part of Addendum 1)

The University intends to purchase a portion of the Multidisciplinary Biomedical Research Building/iBio Vivarium Equipment: Package 1 for **small animal cage, rack and assemblies** for delivery in the summer of 2015 and purchase additional assemblies prior to May 1, 2016.

Please provide information and pricing for complete cage, rack, blower assemblies including any and/or all incidentals, ready to be connected to existing watering system, HVAC exhaust and low voltage connections for a fully operating system. Equipment to be delivered to the site fully assembled; only labor for final connections to be by others.

Equipment shall be delivered to the site, uncrated and fully assembled ready to use. Delivery will be coordinated with the WSU project manager for delivery during regular business hours. The project site includes an on grade loading dock and elevator, but any lift equipment and labor required to deliver the equipment to its permanent destination must be included as a part of the bid response. All packaging is to be removed from the site by the supplier. Freight costs to be provided based on total order costs, as listed below:

Assembly A - Single sided unit, mice rack assembly: Include all cages to fill rack, rack, HVAC blower unit fittings to connect to existing duct, watering system manifold, bottles, and all incidentals. Price shall be inclusive of all OH&P, freight and set up costs; only labor for final connections to be by others.

Cost for one complete assembly: \_\_\_\_\_ per Assembly

Assembly B - Single sided unit, rat rack assembly: Include all cages to fill rack, rack, HVAC blower unit fittings to connect to existing duct, watering system manifold, bottles, and all incidentals. Price shall be inclusive of all OH&P, freight and set up costs; only labor for final connections to be by others.

Cost for one complete assembly: \_\_\_\_\_ per Assembly

Assembly C - Double sided unit, mice rack assembly: Include all cages to fill rack, rack, HVAC blower unit fittings to connect to existing duct, watering system manifold, bottles, and all incidentals. Price shall be inclusive of all OH&P, freight and set up costs; only labor for final connections to be by others.

Cost for one complete assembly: \_\_\_\_\_ per Assembly

Assembly D - Double sided unit, rat rack assembly: Include all cages to fill rack, rack, HVAC blower unit fittings to connect to existing duct, watering system manifold, bottles, and all incidentals. Price shall be inclusive of all OH&P, freight and set up costs; only labor for final connections to be by others.

Cost for one complete assembly: \_\_\_\_\_ per Assembly

Alternate Lid - Provide supplemental lower wire bar lids for combination mouse/rat rack assembly and all incidentals. Price shall be inclusive of all OH&P, freight and set up costs; only labor for final connections to be by others.

Cost for one complete assembly: \_\_\_\_\_ per Assembly
