I. INTRODUCTION

A. Wayne State University, founded in 1868, is committed to preparing its students to excel in a fast-paced and interconnected global society. It combines the academic excellence of a major research university with the practical experiences of an institution whose history, location and diversity make it a microcosm of the world students will enter when they graduate. The University is classified by the Carnegie Foundation for the Advancement of Teaching as RU/VH (Research University, Very High research activity), a distinction held by only 2.3 percent of institutions of higher education in the United States. It has 13 colleges and schools and offers more than 380 academic programs including bachelor’s, master’s and doctoral degrees; post-baccalaureate, graduate and specialist certificates; and three professional programs (http://wayne.edu/about/facts/).

B. Procurement & Strategic Sourcing is soliciting proposals from qualified professional organizations, hereafter referred to as VENDOR(s), who specialize in providing Fuel Storage and Dispensing 2018 of superior quality, at competitive pricing, as described in the Statement of Work section of the Request for Proposal (RFP). C. The UNIVERSITY reserves the right to accept, reject, modify, and/or negotiate any and all proposals received in conjunction with the RFP. It reserves the right to waive any defect or informality in the Proposals on the basis of what it considers to be in its best interests. Any proposal may be rejected which the UNIVERSITY determines to be incomplete, conditional, obscure, or has irregularities of any kind. The UNIVERSITY reserves the right to award to the firm, or firms, which in its sole judgment, will best serve its long-term interest.

This RFP in no manner obligates the UNIVERSITY to the eventual purchase of any products or services described, implied, or which may be proposed, until confirmed by written agreement, and may be terminated by the UNIVERSITY without penalty or obligation at any time prior to the signing of an Agreement or Purchase Order.

D. Expenses for developing and presenting proposals shall be the entire responsibility of the VENDOR and shall not be chargeable to the UNIVERSITY. All supporting documentation and manuals submitted with this proposal will become the property of the UNIVERSITY.

Wayne State University  
RFP: Fuel Storage and Dispensing 2018

The link for bid submission will be posted with the bid details at http://go.wayne.edu/bids beginning July 30, 2018.

Deadline for receipt of proposals by Procurement & Strategic Sourcing is, August 14, 2018 by 4:00 p.m. (local time). Proposals received after that time will not be accepted. No details of the proposal will be divulged at the time of opening.

F. Proposal Format

Proposals are limited to 30 pages total, one sided, and eleven (11) point font. (This is inclusive of all required documents and schedules and any optional material included at the discretion of the respondent, but tab sheets and the cover pages do not count in the overall document count.)

Proposals are to be submitted in notebook form with appropriate indices. Each proposal should provide a straightforward concise description of the VENDOR’S service, approach and ability to meet the UNIVERSITY’S needs as stated in this RFP. Schedules and Exhibits listed below must be included in your proposal:

Schedules (provided in this package)

- Schedule A - Proposal Certification, Non Collusion Affidavit, VENDOR Acknowledgements
- Schedule B - Insurance Requirements
- Schedule C - Cost Schedule, Summary of Quoted Rates
- Schedule D - Summary Questionnaire

Exhibits (created by Vendors as needed)

- Exhibit 1 - Exceptions/Restrictions; if any (Section II G)
- Exhibit 2 - Profile / Experience / References (Section II H)
- Exhibit 3 - VENDOR Service Plan (Section III)

Care should be exercised in preparation of the proposals since it is the UNIVERSITY’S intent to have the final contract documentation to consist of a University Standard Service Provider Agreement (Appendix 5) that incorporates the RFP, VENDOR Proposal, any letters of clarification, and will require the issuance of a Purchase Order for invoicing purposes.

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective quotation are not desired.

G. Proposal Evaluation

1. Proposals will be evaluated and award will be based on the VENDOR’S ability to offer the best value (quality, past performance and price), and on anticipated quality of service. Items considered include but are not limited to:

- Ability to meet all mandatory requirements and specifications of this RFP;
- Cost of Services; Compensation and Fees; (Schedule C);
- Financial Strength of the VENDOR;
- Proposal Documentation / Presentation;
- VENDOR’S Experience (Exhibit 2);
- VENDOR Profiles/References; (Exhibit 2);
- VENDOR Service Plan; (Exhibit 3);

NOTE: Evaluation Criteria are in alphabetical order and are not stated in order of preference.

VENDOR proposals will be evaluated by a team consisting of members of the UNIVERSITY’S Purchasing and Grounds. A preliminary screening will be used to identify competitive VENDORS who have met the mandatory requirements. Procurement & Strategic Sourcing may subsequently request selected VENDORS to make a presentation at a set time and date, to clarify information provided in the proposals. Final consideration, evaluation, and recommendation may be made at
this point. However, the UNIVERSITY reserves the right to take additional time for reference review, site visits and/or proposal negotiations.

2. To qualify for evaluation, a VENDOR’S proposal must be responsive, must have been submitted on time and must materially satisfy all mandatory requirements identified throughout the RFP, in the judgment of the UNIVERSITY. Any deviation from requirements indicated herein must be stated in the proposal specifically under the category "Restricted Services", and clearly identified as Exhibit 1. Otherwise it will be considered that proposals are in strict compliance with all requirements. Check the box indicating "None" for Restricted Services on the Proposal Certification Schedule A. In those cases where mandatory requirements are stated, material failure to meet those requirements may result in disqualification of the VENDOR’S response.

3. If there are portions of any proposal the UNIVERSITY finds unacceptable or otherwise in need of clarification or revision, the UNIVERSITY reserves the right to clarify or negotiate with any or all VENDORS. Should the outcome of evaluations result in a recommendation, any resulting contract will be subject to the approval of the UNIVERSITY’S General Counsel and must be approved and signed by the appropriate UNIVERSITY representative.

4. After notification of acceptance of proposal and the signing of a resulting agreement and/or Purchase Order, the successful VENDOR will be expected to establish and be in a position to commence work or services on or before August 27, 2018.

H. VENDOR Profile, Experience, References, and Lost Accounts

1. VENDOR Profile should include:

Wayne State University Grounds Department seeks a service contract with an appropriate supplier, to provide bi-weekly delivery of Diesel and Unleaded fuels for University equipment use. We seek bids for fuel and storage tanks as a service, and anticipate consumptions of 6000 gallons of Diesel and 19,500 gallons of Unleaded annually.

Delivery will be based on seasonal delivery needs. Fuel will be stored in two AST fuel cells. The AST fuel cells will be protected by bollards or open air enclosure recommended by the vendor and purchased / installed by the University, and will sit directly on asphalt. AST fuel cells must be NEW and have integrated puncture spill protection, venting, current capacity float, 115/230 VAC electric high flow dispensing pump-hose-meter combination, and security locking. AST cells may be rectilinear or drum in shape, in white or green, and appropriately labeled.

AST Fuel Cells must meet all local and regulatory codes. Fuel cells provided as a service must be maintained for good operation by the awarded vendor. Onsite capacity at the University is anticipated to be 300 Gallons for Diesel and 700 Gallons for Unleaded. Refill will be by owner coordination and/or electronic monitoring integrated into vendor solution. The successful supplier will be provided a list of authorized University personnel permitted to call orders in against an open blanket PO.

Consideration for the purchase of tanks recommended by the Supplier, in lieu of tank as a part of the fuel service will also be considered, if proposed as a voluntary alternate.
Fuel Cells will be housed in the Grounds new service lot located behind 5743 Woodward, adjacent to the existing winter salt storage structure. Power will be provided by the University from nearby conduit sources.

The agreement will be for a period through September 30, 2019, with the option for 2 one-year extensions, through September 30, 2021, if mutually agreed upon by the Supplier and the University.

Billing can be either per delivery or on a monthly basis at the supplier’s choosing. Suppliers should include the method for invoicing in their proposals.

1. Default of VENDOR

It shall be considered a default whenever the VENDOR shall:

The UNIVERSITY will not authorize payment for changes, alterations, modifications, deviations, etc. that are a result of VENDOR error.

O. Certification, Affidavit, and Acknowledgements (11-01-11)
ACH payments are both faster and less costly for Vendors and the University. Vendors must refrain from giving any reference to this project, the UNIVERSITY. It is understood and agreed that if any part, term, or provision of this agreement is held to be illegal or in conflict with any law of the State of Michigan, the validity of the remaining portions or provisions shall be construed and enforced as if the Agreement did not contain the particular part, term, or provision held to be invalid. Wayne State University, hereafter referred to as “University”, has contracted with (Supplier_Name), hereafter referred to as “The Supplier” to supply (Named_Services) and related services to the University under a Service Provider Agreement. As part of this Agreement, the undersigned agrees to the terms of this Confidentiality and Non-Disclosure Agreement (the “NDA”) as follows:

1) Confidential Information

For the purposes of this NDA the term “Confidential Information” shall include any information received by the Supplier, from the University, in the course of providing services as described above, including but not limited to: (i) any and all technical and business information of the University and (ii) information from third parties related to health care services and research.

2) Use of Information

The undersigned hereby agrees not to use Confidential Information for any purpose except in the performance of services as described above.

3) Reproduction of Materials

The undersigned will not retain or transfer any programming, documentation, or any other University controlled or provided software or other materials. No such materials may be copied or reproduced without the University’s express prior written consent, and any copies made shall become the property of the University.

4) Confidentiality

The undersigned agrees to maintain the confidentiality of the Confidential Information, programs, documentation, and any related materials. The undersigned will not share any information regarding the Confidential Information, programs, documentation, and any related materials with any third party, subcontractor, or independent vendor unless expressly given permission in writing by an authorized University official.

5) No Waiver

Nothing in this NDA shall be construed to limit or otherwise reduce the University’s rights to enforce its terms. No delay or forbearance by the University in enforcing any rights set forth in this NDA shall be construed to operate as a waiver of such rights.

6) Vendor Employees and Agents

If the Supplier is not an individual, the Supplier represents and warrants that it has the authority to bind each of its employees, officers, agents, representatives and consultants to the terms of the Agreement. The Supplier shall be responsible for ensuring such personnel are aware of and comply with all obligations imposed by this NDA.

7) Breach of Contract

Any breach of this NDA by the Supplier and/or any of its officers, agents, employees, representatives and/or consultants shall be considered a material breach of the Service Provider Agreement or individual Purchase Order. The Supplier and
each of its officers, agents, employees, representatives and/or consultants shall be both jointly and individually liable to
the University for any Damages as a result of any breach of this NDA.

The Supplier acknowledges and agrees that a breach of this NDA may cause continuing and irreparable injury to the
University as a direct result of any such violation, for which the remedies at law may be inadequate, and that the
University shall therefore be entitled, in the event of any actual or threatened violation of the NDA by the Supplier, and in
addition to any other remedies available to it, to a temporary restraining order and to injunctive relief against the Supplier
or the undersigned to prevent any violations thereof, and to any other appropriate equitable relief.

8) Governing Law, Modification

This NDA shall be governed by and construed under the laws (other than the choice or conflict of law provisions) of the
